ICE CREAM

We proudly serve homemade hard ice cream that is produced locally using the freshest milk and cream from hormone-free cows. Maple Valley Creamery delivers this fabulous product, which is produced by three local Massachusetts dairy farms with over 300 years of combined experience. All ice creams are produced using local Massachusetts ingredients whenever possible. Purchase of these products help to sustain open spaces, preserve local dairy farms and preserve a time-honored way of life. Remember, "If they say it's local, ask to see their cows!"
